Trio Pleads Guilty In Riot Murder

JACKSONVILLE, Fla. (AP)—Three young white men pleaded guilty to murder today in the slaying of a Negro woman during race riots in March.

A fourth man was believed involved, officers said, but he is not in Jacksonville now.

The three entered guilty pleas when they were arraigned before Justice of the Peace Jesse Leigh.

The arrests late Monday came through clues uncovered by Detective Sgts. Donald Coleman and Lee Coty while investigating an unrelated crime.

Held without bond were J. W. Rich, 21, Wayne M. Chessman, 21, and Elmer Kato, 19, all of Jacksonville.

They are charged with the March 23rd death of 35-year-old Mrs. Johnnie Mae Chappell. She was fatally shot in the stomach while searching for a lost wallet along U.S. 1. Several blocks away, police were then trying to quell rioters.

Coleman and Coty said Rich signed a statement saying he fired the fatal shot from a passing car. The officers said Chessman signed a statement saying he was in the car at the time.

A 22-caliber revolver, believed to be the death weapon, has been found, police said.

Racial unrest reached a violent stage here during spring demonstrations by Negroes demanding integration.

Racial tension eventually eased through the appointment of a biracial committee. Mrs. Chappell's death at the height of demonstrations was the only fatality.

Mail Fraud Charge Against Denver Man

DENVER (AP)—Meyer A. Ziman, 63, one of four persons indicted by a federal grand jury in Kansas City on charges of operating a fraudulent referral scheme involving sale of appliances at Joplin, Mo., was arrested Monday.

Ziman, a Denver insurance salesman, was taken into custody by U.S. postal authorities on mail fraud charges. He was named in 30 counts.

Ziman was released after posting \$2,500 bond.

Premier Ismet Inonu's Ankara administration was reported continuing military preparations to back up its demand that Greek Cypriot forces give up three Turkish Cypriot villages they have occupied since last Wednesday and withdraw from their encirclement of the port of Kokkina.

Cyprus' Foreign Minister Spyros Kyprianou declared the Greek Cypriot forces will never withdraw in the Kokkina area.

"Greek Cypriots are ready to die to the last man or win," Kyprianou told newsmen on flying to Athens for consultation with the Greek government about the latest crisis.

U.N. Secretary-General U Thant has said Turkey accepted unconditionally the appeal for a cease-fire, but Western diplomats in Ankara said it is insisting strongly that the coastal area be cleared of Greek Cypriot troops before the truce can be fully accepted.

These sources said the only compromise Turkey might be persuaded to accept would be for the captured villages to be turned over to U.N. troops instead of reoccupied by Turkish Cypriot forces. Unarmed Turks and refugees massed around Kokkina could then return to their homes under U.N. protection.

Auto Thieves Can't Shift Gears In Car

ST. LOUIS (AP)—Two Sikeston men learned Monday that auto thieves should know how to drive the car they are stealing.

A foreign make car owned by a restaurant employee in suburban Des Peres was taken from the restaurant parking lot. Moments later, police received a call from a woman that a man had driven into her flower bed.

He apparently tried to turn around, but could not shift the car into reverse.

Arrested and booked on suspicion of auto theft were John Hunt, 24, and Harold Stout, 33. Hunt had served two years in an Oklahoma prison for auto theft. Stout served a seven year term in the Missouri penitentiary for burglary and assault.

Agree On Houchens As Party Chairman

JEFFERSON CITY (AP)—Warren E. Hearnes, Democratic nominee for governor, and U.S. Sen. Stuart Symington today announced they have agreed that Hearnes' primary election campaign manager, Delton L. Houchens of Clinton, should be named state Democratic chairman Sept. 8.

That's when the Democratic committee and the candidates meet to draft the party's platform for the November general election.

It had been predicted earlier that Houchens, as Hearnes' choice, would get the job. By custom the top candidates select their man for state chairman and the state committee goes along.

Houchens, a former state legislator, will replace John McRoy of Bowling Green.

Hearnes and Symington also will recommend Elliott Stein of St. Louis as finance chairman of the state committee.

Bloodhound Tracks Down Escaped Con

COLUMBIA, Mo. (AP)—A bloodhound tracked down an ex-convict after he was wounded and wrecked a car in a 120-mile-an-hour chase Monday.

Captured 12 miles north of Columbia, Eugene Junior Hollyman, 40, was treated at a hospital in Moberly and is scheduled to be returned to Hannibal, Mo.

The Missouri Highway Patrol said Hollyman was wanted in connection with separate attacks on two women—one at Hannibal Sunday and the other near Palmyra, Mo., Monday.

Hollyman, who lived in the Hannibal area, was paroled from the Illinois prison at Menard a month ago.

Police Capt. Charles Webster of Hannibal said a Hannibal woman reported Hollyman raped her there Sunday.

A man of the same description flagged down a woman motorist near Palmyra Monday morning, tried to rape her, then drove away in her car, Webster said.

Sgt. Lloyd Swartz and Trooper B. L. Williams of the highway patrol said they saw Hollyman in the stolen car 15 miles north of Columbia on U.S. 63.

The officers said they chased him southward at 120 miles an hour. A shotgun blast through the rear window wounded Hollyman and the car plunged off the road. He fled into some timber.

A bloodhound from the reformitory at Jefferson City quickly trailed him to some brush and he was captured without resistance.

Republican Candidates To Hear Ike

HERSHEY, Pa. (AP)—

Former President Dwight D. Eisenhower will be the main speaker Wednesday when Republican governors and gubernatorial candidates gather for a campaign strategy session with political and organizational leaders of their party.

Republican presidential nominee Sen. Barry M. Goldwater called the meeting. Others scheduled to attend include Goldwater's vice presidential running mate, Rep. William E. Miller of New York, and former Vice President Richard M. Nixon.

Eisenhower will speak at a luncheon at 1 p.m. EDT, to be followed by a news conference.

A morning business session will be closed with participation limited to 38 GOP party leaders, including 14 governors and the same number of gubernatorial candidates.

Pennsylvania Gov. William W. Scranton, who bitterly fought Goldwater for the presidential nomination at last month's GOP convention, is host for the meeting, although his duties are nominal.

New York Gov. Nelson Rockefeller, who at first opposed Goldwater for the nomination then withdrew in favor of Scranton, also plans to attend.

Earl D. Eisenhower Jr. of Washington, a nephew of the former president, said the meeting was called "to plan campaign strategy." Others taking part will be R. Dean Burch, Republican national chairman; John Grenier, executive director of the National GOP committee; Wayne J. Hood, campaign field director; Sen. Thurston Morton, R-Ky., chairman of the Senate GOP campaign committee; and Rep. Robert Wilson, R-Calif., chairman of the House GOP campaign committee.

Conviction of Estes Is Upheld By Court

NEW ORLEANS (AP)—The mail fraud and conspiracy conviction of Billy Sol Estes has been upheld by a federal appeals court.

The 5th U.S. Circuit Court of Appeals ruled Monday that the trial judge was right in overruling defense motions for a directed verdict of innocent because of insufficient evidence.

U.S. Dist. Judge R. E. Thomson, who called Estes "the perpetrator of one of the most gigantic swindles" had sentenced Estes to 15 years.

Estes was convicted on 5 of 14 counts charging fraud and conspiracy in arranging with farmers for mortgages on nonexistent fertilizer tanks.

Red Jets In North Viet Nam

Chinese MIGs Were Expected By Pentagon

WASHINGTON (AP)—The Pentagon said today a number of Chinese Communist jet fighters have been sent into North Vietnamese bases.

Arthur Sylvester, defense press chief, recalled that last week Secretary of Defense Robert S. McNamara had said he expected the Red Chinese to introduce planes into North Viet Nam.

"We now have indications," Sylvester said, "that a number of Chinese Communist MIG15s and MIG17s have been introduced into North Viet Nam."

"This has been expected for some time because of known preparations such as lengthening of runways of airfields in the Hanoi area."

Sylvester was asked if Chinese Communists were flying the planes.

He replied that the pilots could be North Vietnamese, trained in China, or "they could very well be Chinese."

Sylvester said he did not know whether these Red Chinese planes are intended for air defense or other action.

In reply to another question, Sylvester said there was no evidence that these planes have been flown over South Vietnamese territory.

He was asked if U.S. Navy planes had been "scrambled" to meet Chinese planes at any time.

He said that it has been known for a long time that Red China had planes based on the island of Hainan on the eastern side of the Gulf of Tonkin.

Apartment Building Is Planned

Sedalia will soon have a modern 50-unit apartment building to be located in the Thompson Hills addition, according to an announcement made Monday evening by Charles W. Thompson, Jr., owner of the Broadway Bowling Lanes. Cost of the building was not mentioned until final plans and specifications can be decided upon.

Thompson said he had planned for many months on a 24-unit apartment building, but recently joined with Harry Ellsworth, Kansas City attorney, in the venture for the larger building. The exact location for the building will be announced in a few days.

"Our plans call for apartment units of one, two and three bedrooms. The apartments will all be furnished. To accommodate the residents and for their own recreation will be a large swimming pool in conjunction with the property," Thompson said.

Thompson said Ellsworth is well versed on such projects and real estate, he being interested in a number of similar projects as well as a number of motels in the Kansas City area.

'Ice Box' Menace Grows

CHICAGO (AP)—Last winter, Leamond L. Fuwell, 29, bought a new refrigerator and put the old refrigerator on the back porch of his apartment.

Because he has three children, aged 3 to 7, he tied the door shut with plastic-coated clotheslines.

Last Friday, three small children of George Hartman, 30, who lives in the basement apartment beneath the Fuwells, climbed into the old box. The door closed, the children died.

An epilogue to the short lives of Cynthia Hartman, 4, and her brothers, Joseph, 5, and Marty, 6, was written Monday. An inquest jury ruled that they died accidentally.

Fuwell's refrigerator had not been discarded. It was just idle, and stored on his property.

Each year, a dozen or more children die of suffocation in idle refrigerators. In 1962, the toll reached a high of 35.

The death-trap problem first became a widespread concern in the 1930s when old ice boxes were being discarded as the electric refrigerator was winning acceptance.

It surged again after World War II when resumption of civilian appliance manufacturing spurred a slough-off of over-age electric coolers.

Last year's boom in refrigerator sales again heightened the menace of abandoned boxes.

Senate Rules Panel Votes Salinger In

WASHINGTON (AP)—The Senate Rules Committee voted 6-1 today for Pierre Salinger as senator from California.

The committee decided on a party-line vote that the Democratic appointment, by Gov. Edmund G. Brown of California, was "valid, proper and legal."

The Rules Committee action followed a 2-1 party-line decision of the Subcommittee on Privileges and Elections, which conducted a hearing Monday on the challenge raised by George Murphy, Republican nominee for senator in November.

Salinger already has taken his seat, subject to the inquiry.

Sen. B. Everett Jordan, D-N.C., announced the Rules Committee decision, and said the committee's report and recommendation to validate the seating of the appointed successor to the late Sen. Clair Engle, D-Calif., will be presented to the Senate Wednesday.

The California Supreme Court ruled Monday that the appointment was valid, rejecting without comment a request from Murphy, a former Hollywood actor, that it be annulled.

Salinger is the Democratic nominee to meet Murphy in November.

Salinger was seated "without prejudice" last Wednesday with the question of the legality of the appointment referred to the Rules Committee.

Illinois Republican Would Be Cooperative

EAST ST. LOUIS, Ill. (AP)—Illinois Republican gubernatorial candidate Charles Percy urged Southern Illinois Monday to work with Missouri in an effort to attract industry.

Percy thus stood against a stand taken by the Southwest Illinois Council of Mayors, which opposes joint planning with Missouri agencies for the metropolitan St. Louis area.

Speaking at a meeting of the GOP state platform committee in East St. Louis, Percy said factionalism between the two states would decrease if he was elected and Ethan Shepley was selected Missouri governor. Shepley is the Republican candidate.

Major Victory For Johnson

WASHINGTON (AP)—The Senate sent to President Johnson today the \$947.5-million anti-poverty bill designed to give work to idle youth and to help low-income families get off relief.

Completing congressional action, the Senate accepted House amendments to the original Senate version even though some were disliked by sponsors of the bill. The Senate action was by voice vote.

Enactment of the bill was a major victory for Johnson who had given the legislation highest priority in the closing days of the session. It was opposed by Sen. Barry Goldwater, Republican presidential nominee.

The money figures in the bill are authorizations. Congress must vote appropriations in a supplemental bill if the program is to get started this fall.

Sargent Shriver, who is expected to be named to administer the program, has estimated it should reach 600,000 persons directly in the first year and up to 7 million families through community action projects.

Before passing the bill Saturday, the House put into it what some senators called a disturbing loyalty oath and governors' veto provisions over some projects.

But Senate sponsors decided against making any fight over these points.

Sen. Hubert H. Humphrey of Minnesota, the assistant Democratic leader, said that "while we don't like some parts of it, we're going to take the House bill in order to get moving on this program."

Sen. Pat McNamara, D-Mich., said in a separate interview he had become convinced that if the Senate, which passed its version July 23, sent the measure to a Senate-House committee, it might die there when Congress adjourns.

"We've got to take the House bill," he said. "It's the only way we can get one."

The House measure included a provision that all individuals receiving government payments must sign non-Communist affidavits. Such a provision in the National Defense Education Act caused some colleges to reject government aid and it eventually was repealed.

The House also inserted a provision, rejected by the Senate, giving governors a veto in their states on aid to community, as well as privately financed, anti-poverty projects. The governors also could block establishment of the proposed job corps in their states.

The anti-poverty measure represents Johnson's major on-his-own legislative achievement since he became president last November. Most of the other domestic measures sent to him by Congress were proposed originally by the late President John F. Kennedy.

Unguarded Moments

SEATTLE (AP)—Although it handled 105 cases over the weekend, the 13th Coast Guard District coasted into some unguarded moments.

Hurrying to investigate a "body" bobbing in the surf at Depoe Bay, Ore., Coast Guardsmen found a seal.

Some 10 miles south of Newport, Ore., two elderly women picked the wrong spot to dig for clams.

The flight to Orvieto came off without a hitch.

It was the longest trip Pope Paul has taken since he went to the Holy Land by jet plane last January.

The papal schedule in Orvieto included Mass marking the 700th anniversary of the start of the annual Corpus Christi feast day and a speech before he returns tonight to Castel Gandolfo.

The Italian Air Force supplied the big helicopter for the flight.

Gen. Robert F. Kennedy says he would not consider running for U.S. senator from New York without Mayor Robert F. Wagner's "express approval."

A few minutes after Kennedy made that statement Monday, Wagner said:

"If he is available, he is the type of person who would make an exceptionally fine candidate. I am sure that he would win."

"I have a high regard for him as a friend and as a public servant."

Asked whether his remarks constituted an endorsement, Wagner said:

"I think I've made a pretty strong statement already."

Wagner said he would not say more until he had talked again with Kennedy. Kennedy visited Wagner last Friday. No further meeting has been announced.

The Democratic nominee will face Republican Sen. Kenneth B. Keating.

Kennedy, here Monday to speak at the convention of the American Bar Association, was asked by newsmen about the Senate race.

One of his replies was: "Under no circumstances would I ever have considered, or would I now consider, coming into the State of New York against the wishes of the mayor."

Wagner is generally considered the top Democrat in New York.

Democratic state chairman William H. McKeon said he would "certainly encourage" Kennedy's candidacy. He said the attorney general would "make an excellent candidate."

MADE TO ORDER—This pre-cast, pre-stressed section of concrete flooring — for the Farm & Home district office building at Fourth and Osage — is one of the first of its type in the Sedalia area. Pre-stressing eliminates the need for a center section, thus allowing for more room in the basement. The sections were installed Monday. The sections were cast by

the Wilson Concrete Co. of Kansas City, Kan. In casting, the steel cables (cut-off ends are visible) are stretched to near the breaking point, then the cast is made. When the cast has cured and the cables are cut, the section has a slight bow in the center, to give a slight arch to the section. (Democrat-Capital photo)

Dear Ann Landers: Our daughter is 20 years of age. Alicia's divorce will be final in a few months.

This is our problem: Alicia has been working out of the state. She met a young man and wants to marry him. She has written to ask us if she may bring the young man home with her when she returns in about a month. Alicia wants permission to have him live in our house until he finds a job so they can be married.

My husband says this arrangement sounds scandalous and he refuses to consider the idea—unless you approve it, Ann. I don't know what to say because I realize times have changed since I was a girl and I want to be fair. Can you advise us? — **OLD FASHIONED**

Dear Old Fashioned: How lucky can one girl get? Not even legally unwound from one mistake and here she has another man (unemployed yet) all lined up to move in. Tell your daughter nix on the boarder-roomer routine.

A person who is not legally divorced is still married. And folks who are NOT married should not be living together. This should put an end to the Great Debate.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Answers
Your
Problems

Dear Ann Landers: This is not a gag. I think you are a broad-minded person with a big reading audience and I hope you will help me.

The high cost of living has put me behind the 8-ball. No matter how I try, it is impossible to maintain a good address, decent clothes and have money left to drive a car and do some interesting things.

I am 29 years old, unmarried, very good looking, an engaging conversationalist and am at home with all types of people.

I would like to make myself available (to high type women only) for \$30 an evening plus expenses. I want only to serve as an escort — so please don't assume anything beyond that. I have a new Corvette and well cut clothes.

Hundreds of women sit at home simply because they do not know an attractive, respectable man who will take them out. I could give a woman a wonderful evening in exchange for this modest stipend.

Will you help them and myself at the same time? — R.M.

Dear R.M.: I can't think of a printable name to describe your line of work, but "escort service" is a widely employed euphemism. Look in the phone book and line yourself up. (Your city has one.)

P.S. If a dame doesn't have \$30, how much would you charge for allowing her stand at the curb and watch you drive by?

Dear Ann Landers: I am a 12-year-old girl with a 4-year-old problem — my brother.

He is a very good eater when it comes to candy, ice cream and popsicles, but when it comes to regular meals he leaves half of his meat and doesn't even touch his vegetables. He hardly ever drinks his milk.

Fifteen minutes after he walks away from the dinner table he is begging mom for popcorn or a glass of lemonade. How come he has room for such things when just a little while before, he said he couldn't eat another bite?

My brother is very skinny and I am afraid he will not grow if he doesn't eat right. I have tried to explain this to him but he doesn't understand. Will you help me? — **SISTER OF A SKINNY BROTHER**

Dear Sister: You cannot expect a 4-year-old to understand such things, so stop wasting your time. Concentrate instead on your mother.

She is permitting your little

Irish Nurses Give Views On US Life

Cole Families Hold Reunion Here Sunday

Miss Catherine Hudson, Killeel, Ireland, gave an interesting and amusing talk on the history of Ireland and her observations of life in America as compared with life in her home country before members of the Sedalia Rotary Club on Monday noon at Hotel Bothwell. Following her talk, Miss Nora Carr, Warrenpoint, Ireland, answered questions concerning Ireland from the floor.

Misses Hudson and Carr are obstetrical nurses of the Bothwell Hospital nursing staff. They came here recently as a result of an advertisement placed in the overseas edition of the Journal of Nursing by the local hospital board who sought to relieve the critical shortage of nurses here.

They were presented by Charles Edwards, Bothwell Hospital administrator. James Bellmer, August program chairman, made arrangements for the program.

Omer West, president, reported the Sedalia Club had the largest delegation in attendance at the District Rotary Institute held last week in Marshall. Attending from the local club were West, Harry Walch, Bill Arnold, Fred Crnic, Bob Phillips and Kelly Williams.

Guests of the meeting presented by P. E. Milster were: Crump Taylor, Rotarian from Clinton; Ted Brown, Rotarian from Kent, Ohio; Edgar L. Brown, guest of his father, Lawrence; Mrs. John Zulauf, guest of her husband, and Miss Victoria Barrington, English student who is visiting here under the sponsorship of the Sedalia Rotary Club.

Invocation was given by Aubrey Case. Group singing was led by Charles Hofheins with Mrs. Lillian Maynard at the piano.

South Africa's most valuable exports are gold, wool and uranium, in that order.

William Temple Cole of the Stephen Cole families held their 31st annual reunion Sunday, Aug. 9, at Liberty Park. A basket dinner was served at the noon hour with the invocation given by Joe Roe of Roanoke, Tex.

A business session was held in the afternoon at which time officers were elected to serve a year. Charles Cole, Tecumseh, Okla., is the honorary president; Farrie Cole, Sr., Otterville, was elected president; Noel Cole, Pilot Grove, vice-president; Mrs. Ira Leiter, Sedalia, secretary-treasurer; Mrs. George Putman, Otterville, historian.

The cemetery committee is composed of Noel Cole, chairman, Horace Cole and Porter Cole.

Gene Horner and Jewell Schilh were appointed to serve on the table committee next year.

Those attending for the first time were introduced. Recognition was given the oldest man present, Porter Cash, Warrensburg; the oldest woman present, Mrs. Lulu Bunce Jones, Warrensburg; and the one attending from the farthest distance, Jack Maddex, Tacoma, Wash.

Mrs. George Putman, historian, asked that newspaper clippings be sent to her.

T. T. Roe stated he had been to the Hannah Cole Roadside Park and the adjoining cemetery was in good condition.

The meeting closed with "Blest Be the Tie."

Edings Buy Coast-to-Coast Store Here

Mr. and Mrs. Chester Eding, 921 South Lamine, have purchased the Coast-to-Coast store at 2401 West Broadway, from Mr. and Mrs. Wayne Richardson and the store is now open following inventory by the new owner. The transaction was completed Saturday.

The Richardson family plans to leave Sedalia after the Missouri State Fair. Their plans are not definite at the present, but they expect to locate and go into business in Colorado.

It was in 1938 that Richardson bought the southwest corner of Highway 50 and State Fair Boulevard, which was then an oats field and started a super-market. That was the first business that located in that area which is now surrounded by business places. He operated the super market almost continuously except for one year which they spent in Colorado, but still owned the building here. Eight years ago he opened the Coast-to-Coast store which is a national organization but the stores are owned locally.

The transaction between Richardson and Eding was made by the Donahue Loan and Investment Co.

Eding, for the past 18 years, has been auditor and office manager at the Sedalia Democrat-Capital Co., resigning recently to purchase the Richardson business. He was born near Higginsville but came to Sedalia when he was less than a year old. After graduating from high school here he worked at the Liberty and Sedalia Theatres and Bard's Drug Store while attending Central Business College, after which he worked for five years at the Sedalia Water Department. During World War II he was in service for three years, and upon his return worked for a short time for the L&G Electric Company and then entered the employ of the Sedalia Democrat-Capital.

Mrs. Eding is the former Dorothy Berger, and they have two children, Marsha, 17, and Dennis, 15.

The store, said Eding, will continue as it has in the past and will be open six days a week, Monday through Saturday from 8 a.m. to 8:30 p.m. He has four full time employees, two part time employees, and expects to have more part time employees during the Christmas season.

Richardsons have four children, Wayne Warren, who is married and resides in Houston, Tex.; Don, who is in college at Billings, Mont., and the two still at home, Jay, who is a senior in high school, and Sue Ann, in the sixth grade.

To Raze Buildings For Third National's New Parking Lot

A new parking lot, adequate to park 30 to 40 cars, directly east of the Third National Bank, is in the plans for the bank and will materialize within the next few months according to H. W. Harris, president.

Harris stated that the two buildings to the east, which the bank has owned for some time, will be vacated within the next few months. The OK Optical Co., occupying the first building east, will move to a new location in the 200 block on South Ohio. A radio shop is now in the next building.

These buildings will be torn down and the parking lot, which will be a fairly large one, will extend from Third street to the alley, Harris said.

According to the investigation of Trooper Pete Stohr of the Missouri State Highway Patrol, the accident occurred when the motor died on the Reine car while negotiating the left turn and the oncoming Roth car came over a hill and was in collision with the Roth car.

Damage was to the right front of both vehicles.

Police investigated an accident at the intersection of Fifth and Osage at 2:46 p.m. Monday.

Fires In City

Sedalia firemen received a false alarm fire call reporting a fire at 716 North Moniteau at 8:39 p.m. Sunday.

Sedalia firemen were called out on an early morning alarm at 5:25 a.m. Tuesday to the Sedalia Ice and Cold Storage Company, 314 West Main.

There was no fire, however, just a smoke scare resulting from a short in a fluorescent light fixture. Firemen spent sometime searching the building for a possible blaze before pinpointing the smoke odor from the fixture.

City firemen blamed smoking as the probable cause of a blaze Tuesday morning which resulted in \$1,000 damage to the residence of Probate Judge Leo Job Harned at 1324 South Carr. The alarm was turned in at 11:40 a.m. by a neighbor who noticed smoke.

Assistant Fire Chief Willis Jabas said the fire was confined to a living room chair and the area immediately surrounding the chair. Judge Harned had left home around 9 a.m.

Damage was set at \$500 to the residence and \$500 to the contents.

A grass and brush fire was doused at 12:05 p.m. Tuesday along the Missouri-Pacific Railroad tracks near Fourth and Emmett. City firemen used one booster line from the fire truck in extinguishing the blaze.

Area Fires

The Pettis County Fire Department extinguished a fire in a hay baler engine and an acre of hay in wind rows after an alarm at 4:15 p.m. Monday to the Bill Kraft farm, Route 2, Hughesville. The fire began in the hay baler engine and spread to the field where about 2 tons of loose hay was destroyed and approximately one acre of ground burned over. Heavy damage was recorded to the baler engine.

Alva Lemens, 1526 East Sixth, told police two full wheel cover hubcaps were stolen from a 1956 Dodge pickup parked at the rear of his address. The theft occurred sometime late Saturday night or early Sunday and the hubcaps were valued at \$10.

Danny Hall, 1202 East Broadway, reported the theft of a bicycle Tuesday morning from Centennial Park.

Howard Williams, Jr., 18, 212 North Washington, was charged with petit larceny and destruction of city property Tuesday morning and released on \$300 bond for appearance in Police Court Wednesday.

Police said the charge was filed in connection with recent damage to parking meters at the city lot at Ohio and Pacific.

Two rifles apparently stolen in a recent Maries County burglary were sold in Sedalia and authorities recovered the weapons here Monday afternoon.

Police Sgt. Perry Franklin and Highway Patrol Sgt. E. W. Van Winkle acted after receiving a radio message relayed from Highway Patrol headquarters in Lee's Summit. The weapons had been sold at two separate Sedalia business places.

Police described the rifles as a .30-30 caliber and the other a .222 caliber, the latter being equipped with a telescopic sight. Police were informed by the Highway Patrol that a subject in patrol custody at Rolla had admitted selling the weapons in Sedalia.

Magistrate Court

Lonnie Richard Goff, Kansas City, charged with driving while intoxicated, pleaded guilty, was fined \$100 plus court costs and given a suspended 30-day jail sentence.

Agency Reps In Meeting Here Monday

An organizational meeting was held Monday at Holiday Inn for officials of city, county, state and federal agencies in Sedalia to make plans for monthly meetings to bring about a better understanding of the work of each. Representatives present expressed willingness to cooperate with other agencies.

Mrs. Mary Anderson, manager of the Pettis County ASCS office, was the speaker, explaining the programs offered by the ASCS to farmers of Pettis County. A question and answer period followed. The September meeting will be presented by the University Extension office.

Representatives of government agencies in the Sedalia area are being urged to attend the meetings.

Persons present and the agencies represented were: Mrs. Mary Anderson, Pettis County ASCS office; Owen Fox, University Extension office; Mrs. Nyra Price, FCIC state office; Mrs. Opal Williams, FCIC federal office; Maurice Hogan, Post Office department; Tom Keating, Railroad Retirement Board; Ralph Sprague, Social Security Administration; Lacy Belt, Internal Revenue Service; Eldon Leiter, Production Credit Association; Dr. Arnold, Division of Health; Russell Carr, Division of Employment Security; and Warren Swanson, Pettis County Welfare office. No Wonder He Ran

NASHVILLE, Tenn. (AP) — Airman Joseph J. Root Jr. of nearby Stewart Air Force Base told police Monday it didn't surprise him when the driver who gave him a ride Sunday night jumped out of the car and ran. Root recognized the driver. The man gave Root a ride a week earlier and robbed him of \$42.

Armstrong made his decision following a preliminary hearing in Magistrate Court Tuesday morning.

A state warrant filed against Potts by Prosecuting Attorney J. R. Fritz alleged the defendant had obtained \$1,030 by means of false pretenses from Elizabeth Falder, 234 South Harrison. The state sought to prove he had alleged her home was damaged by termites requiring extensive repairs and collected the funds for the repairs.

"Fraud and deceit is sometimes hard to prove and we mustn't get carried away with our feelings here," Armstrong said. "I don't think the state has proved criminal fraud."

Armstrong told Potts that it "shocked his conscience" to think that a charge of \$1,030 could be made for repairs to a house estimated in value at \$2,500. This value estimate had been made in testimony by Assistant Chief of Police Charles Knapp.

Miss Falder, 73, had testified she paid out the \$1,030 in five checks. Two checks for \$25 each were for extermination of termites performed by Jim Robinson, 119 South Washington, a former employee of Potts.

After repairs were recommended, Miss Falder testified additional checks in the amount of \$530, \$300 and \$150 were paid to Potts.

Testimony was given at the hearing by Miss Falder, Robinson and Assistant Chief of Police Knapp who photographed repairs made under the Falder house.

Lois Woolery, a minor acting through her next friend, Elmer Poteet, filed a petition in Circuit Court Tuesday seeking a divorce from Harry L. Woolery. Robert Wesner is her attorney.

Land commissioners appointed last week in Circuit Court began their appraisals Tuesday of property involved in rights-of-way condemnation for new Highway 65 in northern Pettis County.

The commissioners, Mike O'Connor, Paul Read and Larry Matthews, were given their oath and instructions Tuesday morning in Circuit Court. One alternate appraiser is George Miller, a realtor.

Because of the large number of defendants involved in the condemnations, appraisals are expected to require until the end of this week for completion.

Charge Pair In Robbery At Tipton

Two young Vienna, Mo., men have been charged in Moniteau County with second degree burglary and larceny in connection with a burglary Saturday night at the Hainen Buick Company in Tipton.

Sheriff Walter Haldiman of Moniteau County identified the two as Bobby Joe Decker, 24, and Eldon LeRoy Reeves, 17. They were arraigned in California Monday, waived preliminary hearings and were bound over for trial on Sept. 8, according to Prosecuting Attorney John C. Kibbe. Reeves was released on \$1,000 bond, but Decker remains in custody in lieu of bond.

State Highway Patrol Trooper J. M. Luker arrested Decker, Reeves and a 15-year-old juvenile boy on Highway 50 west of Jefferson City Saturday night a short time after the burglary at Tipton had been reported. The patrol said that three guns stolen in the burglary were recovered in the suspects' auto.

Earth Lives Like a Woman Wearing a Tight Girdle

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail.

Matches start more fires, kill more people, cause more property damage than volcanoes.

Mother earth lives in eternal restlessness. She is like a fat lady with a tight girdle. Every day there is an average of 85 earthquakes, most of them harmless.

We seek to land on the moon before we have freed our own globe from the tyranny of ignorance and the fringe benefits of science. For example, despite the local popularity of the electric light bulb, most of the world's population is illuminated by the candle and the fire-place.

On the other hand, our choice of change at home is increased year by year. The best supermarkets now carry at least 6,000 items.

One of the biggest but least-known causes of private melancholy is that people wear shoes too tight for their feet. You can't feel free in the head if your tootsies hurt. Walking with the Army infantry taught me that most of my life I had been wearing a shoe half a size too short — 9½ instead of 10.

Quota Bidding Advocated For Oil Importers

WASHINGTON (AP)—A "quota bidding system" for oil importers was advocated Monday by the Texas Independent Producers and Royalty Owners in testimony before the Senate Small Business Committee.

The executive vice president of the Texas Association, W. E. Turner, outlined the plan to the committee, which is holding hearings on operation of the import program.

The Texas group called the present program a failure. The system it advocates would authorize eligible companies to compete for licenses from the government to import.

It would provide also for the setting aside of quotas for which no bidding would be required—continuing the present 15 per cent allocation to small independent refiners.

J. A. Mull Jr., Wichita, Kan., chairman of a liaison committee of cooperating independent oil and gas associations, testified the committee has initiated a campaign centering on the quota bidding system and a change in the government's liberal foreign tax credit policy.

Citizen: Keeper of Liberty

"It (the government) must exist to serve the needs of the people. It is to be helped as long as it serves the country well and changed when it neglects its duty."

Thus did President Johnson talk to some 50,000 Boy Scouts at Valley Forge recently, on the site where the flame of American freedom flickered to its lowest 189 years ago.

These few words contain not only an essay on the democratic philosophy of government and the uses of responsible citizenship. They go to the heart of some fundamental questions confronting Americans in this election year.

Has the government—the federal government in Washington—served the country well in the posture of power it has adopted over the past few decades? What are the real needs of the people, and might they be better served in other ways?

The corollaries are:

Have the other partners in our government—the states—fulfilled their roles in this matter as they should?

What has been gained and what lost in the shift of leadership and initiative to Washington in so many areas?

There is no dispute over the federal concept of government itself, whereby the states surrendered certain sovereign powers, under the Constitution, to a central administration—"in order to form a more perfect Union."

The great debate is and always has been over matters far less definite and restricted. It revolves about such ringing phrases in the preamble to the Constitution as "... establish justice, insure domestic tranquility ... promote the general welfare and secure the blessings of liberty to ourselves and our posterity."

There is nothing new to this debate, but it has become intensified in our lifetime. We are swimming in the full flood of revolutions in population growth, industrial technology, urban living, economic and social patterns.

Each of these revolutions has resulted in greater and greater involvement by government—on all levels—in our daily lives and the seeming engulfment of the individual by laws, forms, reports, numbers, deductions.

Throughout it all, in the making of laws and the granting of powers, there is one touchstone we strive to keep within reach—human liberty.

Yet even this is no certain guide, for one man's liberties rub up against another's. No man is truly free to do whatever he pleases.

The touchstone has another side—the greatest good for the greatest number. Yet even here, there is always the danger that the needs of minorities may be overridden by an inflexible devotion to majority rule.

There are no simple answers to our complex problems, no easy way to meet the myriad modern challenges to tranquility and liberty.

Responsible citizenship in 1964 requires more than that we take the trouble to cast our votes for the representatives of our choice.

It demands that the choice be informed by careful study of the basic issues often obscured by slogans and shibboleths—that we register our decision not out of mere habit, or prejudice, or wishful thinking, but only after deliberate consideration as to what we believe best serves the needs of the people and the country.

Civil Rights Fails In Voter Test

By DREW PEARSON

WASHINGTON—Here is the inside story of how civil rights worked—or rather, didn't work—in the most important southern election of the year. It occurred in Fayette County, Tenn., where the Justice Department and a group of northern students had worked for two years to get Negroes registered.

This is the area, 68 per cent Negro, where Negro sharecroppers were intimidated, threatened with loss of jobs, and their store credit cut off when they first tried to register, and where the Justice Department indicted eighty whites and one bank in Fayette County and sixty whites and four corporations in nearby Haywood County—all under the anti-intimidation law.

Since then, groups of northern students have helped register 4,300 Negroes in Fayette County in contrast to only five registered in 1962, and over 2,000 in Haywood County as against none registered four years ago.

One of those who helped this registration drive was Prof. Charles Haynie, mathematics teacher at Franklin and Marshall College, Lancaster, Pa. This summer, Haynie, with fifty students from Cornell, Yale, and other northern colleges, has been working since May 25 to make sure that their work was not in vain and that Negroes did get to the polls in the Tennessee primary on July 6.

At stake in the election was the late Estes Kefauver's old Senate seat, and that of sheriff and tax assessor. Negro voters were supporting for senator, Rep. Ross Bass, a young Democratic congressman who voted for civil rights; L. T. Redearn, white, against Sheriff C. E. Pattat, Jr.; and Rev. June Dowdy, first Negro to run for office in almost 100 years in that area, against tax assessor J. M. Jordan.

Washington Runaround

The day before the election, Aug. 5, Prof. Haynie telephoned the Justice Department to ask for protection for workers on election day; also for a court order permitting his candidates to have poll watchers at the polls.

"First we tried to reach Burke Marshall," Haynie told me, referring to the assistant attorney general in charge of the civil rights division, "but they told us he wasn't taking calls that day. Then they connected us with two other attorneys, John Martin and John Rosenberg. I told them of our problem and asked for help. Martin's reply was that he was sorry but the Justice Department couldn't do anything, it wasn't their business. He then hung up."

Next day, election day, the northern students tried to get poll watchers at various polling places. Their watchers were armed with certified letters from Congressman Bass, candidate for the U.S. Senate, asking that they represent him.

Most of the watchers were rebuffed. At several polling places they were told, "get out of here, nigger." At Piperton, Tenn., just across from the Mississippi border, two poll watchers carrying letters from Bass were thrown out. White election officials told northern civil rights workers: "We'll do anything we want to at our election. We won't take any poll watchers at all."

At 9:30 a.m., the morning of the election—11:30 Washington time—Prof. Haynie phoned the Justice Department again. He tried to get Burke Marshall, but failed, was referred to Gerald Jones, an attorney. Jones referred him to a Mr. Flannery, who was in Chicago—a long way from Tennessee.

Acts of Violence

By this time there had been various threats and acts of intimidation. Hans Von Verger of Nashville, a teacher at Vander-

bilt University, was shot at while taking a Negro, Herbert Kelsey, in his car to the polls in district 8. The incident took place about six miles from Somerville on Highway 64.

A white crowd at Williston in district 14 harassed a group of Negroes going to the polls. Herbert Bonner, a Negro poll watcher, was threatened with arrest on the charge that he owed a bad debt. Various students were threatened with arrest for trespassing while calling for Negro sharecroppers to take them to the polls, because they had driven over property of the plantation owner.

White poll watchers were making Negro voters fold their ballots outside the booths so officials could read the ballot.

Because of previous voting intimidation, Joe Coker, secretary of the Democratic executive committee in Fayette County, had been placed under permanent injunction by U.S. Judge Marion Boyd, April 25, 1960, against interference with Negro voters. This, however, was ignored by other Democratic leaders.

When Prof. Haynie was unable to get any satisfaction from the Justice Department, he phoned me, reporting some of the above facts. He asked for FBI protection.

I telephoned Burke Marshall, in charge of civil rights. He refused to take the call. I was told to talk to Edward Guthman, in charge of press relations. Mr. Guthman was out, busy publicizing Attorney General Kennedy, who in turn was telling Democratic candidates for Congress how to win the next election. I was then told to call Jack Rosenthal, his assistant.

Mr. Rosenthal was out. I sent an assistant to Rosenthal's office. He was kept cooling his heels one hour. Meanwhile I called Gerald Jones in the civil rights division. He was courteous, but referred me to John Murphy, chief of justice's General Litigation. He refused to take the call. Another call to Burke Marshall, head of civil rights, went unanswered.

Meanwhile, Prof. Haynie called from Tennessee again. Ballot boxes were being stuffed, he reported. More poll watchers were being thrown out. Long lines of Negroes were standing in the hot sun, at around 110 degrees, waiting to vote. But there was no guarantee their votes would be counted. All the hard work of two years of registration might be in vain. The day was wearing on and no action from Washington.

Finally I phoned the White House. The rest of the story will be told in tomorrow's column.

2 Major Bills May Not Make Grade

By MILTON KELLY

WASHINGTON (AP) — Congress is giving President Johnson a substantial share of the

legislation he asked for under a "must-pass" label.

How much of the rest of it he will get before Congress winds

up its 1964 session remains to be seen. It apparently will be a man-sized proportion.

However, in at least some danger in these closing weeks of the session are his programs for medical care for the aged and increased Social Security benefits. Some well informed sources say he may have to choose between the two. They concede he could wind up with neither.

They already have written off as "dead" for this year his wage policy program for industry, including a proposal for double pay for overtime. They also see a "very doubtful" future this year for a liberalizing overhaul of the immigration laws requested by the President.

With some give and take, his forces expect to get most of the rest of his program into the books, and are prepared to make a bragging point of this in the presidential campaign.

Tops on the program already written into law, of course, are the 1964 Civil Rights Act and the \$11.5 billion tax cut, plus an extension of excise taxes totaling \$1.9 billion a year.

Congress also boosted the legal maximum national debt limit from \$315 billion to \$324 billion for one year as Johnson asked.

Among his major victories was enactment of a cotton-wheat farm aid bill. It established a new program permitting U.S. cotton textile mills to buy government-owned cotton at the same subsidy price as foreign producers, and a voluntary wheat price support program aimed at assuring \$2 a bushel for wheat.

Other feathers in the administration cap include: Congressional approval of his program to protect wilderness spaces.

A start on a \$375 million, three-year program of grants to public bodies for the purchase of mass transit equipment, plus loan-guarantee authority.

The new pay increase for federal officials and employees. Wider police powers for the Securities and Exchange Commission.

Continued support for the controversial space flight project to land American astronauts on the moon in this decade.

Still in various stages of congressional action, with his forces optimistic he will get most of all of what he asked for in the bills, are such measures as his:

"War on poverty" program, a \$947 million project.

Proposed \$455 million extension of the area redevelopment program, to aid chronically depressed regions.

\$1 billion companion piece to help build the economy of the Appalachian region.

\$375 million expanded food stamp plan to help the needy. Extension of the National Defense Education Act.

Huge housing program, which has been shorn of some of controversial new features Johnson had requested.

We the Women

It Is OUR Marriage

By RUTH MILLETT
Newspaper Enterprise Assn.

"Although the only real estate in our family is property I inherited," a wife writes, "my husband constantly refers to this acreage as HIS."

"He wants to impress people with his financial status and gets angry when I insist on making the truth known. How can I stop him from feeding his ego at my expense?"

It seems to me you have forgotten that marriage is a partnership. You'd resent it, wouldn't you, if your husband labeled every cent he earns "my" money? Well, he has just as much right to resent your going around talking about "my" property,

instead of "our" property. As for hating to see your husband enjoy a prestige you think he hasn't earned on his own, I think that's a shabby attitude for a wife to take.

Every wife ought to want her husband to look as "big" as possible to other people. Anything she can contribute toward making this possible she should do gladly. After all, she shares in any prestige he has.

Why in the world would you, if you love your husband, prefer to have people think that you're the family big shot, and that without your money your husband wouldn't amount to much?

You would both be happier if you thought of yourselves as a team, rather than as individuals. In a successful marriage the word "ours" should apply more frequently than "mine." And this advice applies to both husband and wife.

School and You

Regrettable, Inevitable

By SUSAN LIGHT

Newspaper Enterprise Assn.

DEAR MRS. LIGHT: I was sick at heart when I heard that our dear principal, a fine, energetic woman of 60, is being replaced by a young man. She's been loyal

to our school system for 40 years and taught my husband when he was in second grade. Our three children all love her.

She will still be on the faculty, but in a rather undefined position. Many other parents, as I, feel that the school will never be the same without her at the helm. We are considering petitioning the school board to retain her as principal. Do you think it would help? — SAD PARENT

ANSWER: This is indeed a sad situation and, unfortunately, it happens all the time.

Neither you nor I can judge the school board's decision without knowing all the factors involved. Naturally, you and the other parents are swayed by sentiment, in itself a tribute to your principal. Boards, however, must be foresighted and practical if education is to progress. Sometimes this involves being hard-hearted, too.

I advise you to give up the idea of the petition. If your principal is the fine woman you describe, she probably wouldn't welcome being the center of a hassle between the public and the board. Let her step aside with dignity and poise with the usual well-wishing ceremonies.

A personal note of appreciation for what she has done for you and your children would also be welcome, I'm sure.

In the future, make certain that you send flowers to the living, so to speak. Don't take veteran teachers and administrators for granted. Express your

appreciation to them or, better still, to the people who hire, fire and promote them. A good word spoken at the right time and place will accomplish more than a dozen belated petitions.

Refraining from thoughtless criticism is rather negative, but also effective. It's amazing how fast a chance remark reaches the ear of a member of the school board.

And now, prepare to give your loyalty and support to the new principal. He'll need it.

LBJ Signs Resolution On Viet Nam

WASHINGTON (AP) — President Johnson has signed the congressional resolution supporting his actions in Southeast Asia and says he hopes it is read around the world as it states plainly "where America stands."

"To any armed attack upon our forces," said the President, "we shall reply."

"To any in Southeast Asia who ask our help in defending their freedom, we shall give it." With military and congressional leaders grouped around him, Johnson signed the joint resolution Monday with a couple dozen pens in the East Room of the White House.

Noting its quick and almost unanimous passage in both houses of Congress, Johnson remarked, "The unanimity of the Congress reflects the unanimity of the country."

Johnson recalled he had asked for the resolution approving his actions after ordering American naval forces last Tuesday to send air strikes against North Vietnamese PT boats and bases in retaliation for attacks on American destroyers in the Gulf of Tonkin.

"This resolution," he added, "confirms and reinforces powers of the presidency. I pledge to all Americans to use these powers with all the wisdom and judgment God grants to me."

With passage of the resolution, he said, "our course is clearly known in every land."

"There can be no mistake, no miscalculation, of where America stands or what this generation of Americans stands for."

He said in Southeast Asia "there is nothing we covet, nothing we seek. Our one desire, our one determination, is that the people of Southeast Asia be left in peace to work out their own destinies in their own way."

The President repeated his unity theme in a White House luncheon with 200 businessmen.

Henry Cabot Lodge, leaving this weekend on a mission to appraise European allies of the Southeast Asian situation, told newsmen Monday "it is safe to assume" that North Viet Nam's leader, Ho Chi Minh, "is not a free agent."

He said he had to believe that North Viet Nam would not have attacked U.S. destroyers without first clearing it with Red China.

Old English Titles Are Up For Sale

LONDON (AP) — Opportunity knocks: you too can become a lord of the manor. And all by the simple procedure of spending about \$2,000 — and outbidding other aspirants.

Eleven titles are going under the auctioneer's hammer at the Moot Hall, Colchester, Sept. 30.

The title lord of the manor goes back a thousand years or more. The ones on sale are comparatively new. They date from the 15th, 16th or 17th centuries.

The titles were bought up by Joseph Beaumont, grandfather of the present owner. Titles were a hobby of his. He bought more than 80 in Essex, Suffolk and Norfolk counties. His son bought more. Much of the collection has already been sold.

Lest anyone become confused the title lord of the manor has nothing to do with a peerage. It has almost no privileges connected with it. Further, there is no real property involved.

Unless you already have a title you are still going to be called mister.

In olden days, before the commoners came into Parliament and took rights unto themselves, the title meant lords of the manor could take back land for want of an heir. This fine practice was called escheat.

Manor lords could fine tenants whose daughters married outside the manor. The manor was not only the house, but also the estate around it where the serfs labored under the lord.

The manor lord could also exercise droit de seigneur — right of the lord to enjoy the first pleasures of the bridal bed of all marriages involving serfs within his manor.

These rights are gone forever, but the title still yields the freedom of grazing sheep on common lands. Any commoner today has the same right, however.

The lord of the manor also is a true esquire and can write "Esq." after his name. A commoner can rain this courtesy simply by receiving a bill from his tailor.

The titles up for sale are well-documented. They include court rolls, surveys, court books, rentals and minute books which give a detailed account of their past histories.

C. M. Stanford and Son is selling the titles on behalf of J. L. Beaumont of Coggeshall, Essex.

They are the perfect gifts — for someone who has everything.

Wounded in Gunfire Exchange With Cops

PITTSBURG, Kan. (AP) — George Bowles Jr., about 40, was wounded Monday in an exchange of gunfire with two police officers at his home.

County Attorney Keeth Jones said Bowles would be arraigned on a charge of assault with intent to kill when "he sobers up."

Bowles wife called police and said her husband had come home drunk and was firing a pistol in the house.

Sgt. Frank Swope said Bowles crouched behind porch furniture and shot at Swope and James Duncan, assistant police chief. Duncan fired back with a shotgun, wounding Bowles in the right elbow.

Absentee Ballots Assure Re-election

PRINCETON, Mo. (AP) — State Rep. George St. Peter of Mercer County was assured re-nomination by the counting of 276 absentee ballots Monday in the Republican primary.

CONVENTIONS AND CRISES/ The Democrats

It was unseasonably hot for April in Charleston, S.C., as delegates from every state in the Union poured into the sedate, aristocratic city of the South for the 1860 Democratic national convention—the eighth and most fateful assembly in the party's history. It was to get much hotter.

The issue of slavery was no longer to be put aside. The South was alarmed as it saw its balance of power in Congress threatened by the admission of new, non-slave states.

Its position was clear: The Federal government must not only protect slavery where it existed but allow its extension to new territories in the West. The Democrats must stand for that or lose the South, warned its spokesman, Alabama's William L. Yancey.

The odds-on favorite for the presidential nomination, Sen. Stephen Douglas of Illinois, was equally firm in disagreement: Slavery should be left up to each individual state to

decide on the principle of popular sovereignty. Tensions rose as the delegates debated the platform in the hall at South Carolina Institute. When, after two days, the Douglas-backed platform was passed, seven southern states bolted.

With the loss of these delegates, Douglas was unable to get the necessary two-thirds of the total delegate vote. Neither could anyone else and, after 57 ballots, the shattered party adjourned to reconvene in Baltimore in June.

By the time the Democrats assembled again, the vigorous, young Republican Party had nominated Abraham Lincoln on a platform absolutely opposing the extension of slavery.

Another new, but short-lived party, the Constitutional Union Party, had nominated John Bell of Tennessee to run on no platform except a vague appeal to moderation.

The southern Democrats were more adamant than ever and the bitterness exploded

by Don Oakley and Ed Kudlaty

into fights both on and off the convention floor at Baltimore. There could be no compromise and the result was another southern walkout and the appearance of two rival Democratic candidates—Douglas for the regular party and John Breckinridge of Kentucky for the South.

The election results in November showed that the southern walkout had virtually guaranteed the election of Lincoln, who received 1.8 million popular votes and 180 electoral votes, all in the North. Breckinridge carried the South with 848,000 popular and 72 electoral votes. Bell received a surprising 590,000 popular and 39 electoral votes from the border states.

Although nearly 1.4 million Americans voted for him, Douglas, the "Little Giant," could claim only Missouri and 12 electoral votes.

Giants Have New Respect For Arm of Card Fielders

By MIKE RATHET
Associated Press Sports Writer

The San Francisco Giants have new respect for the arms of St. Louis Cardinal outfielders. But it cost them one-half game in the National League standings.

Tom Haller and Orlando Cepeda were thrown out at home plate as they tried to score standing up in the Cardinals' 2-1 triumph over the Giants Monday night. Both runs were the potential tying runs.

The defeat dropped the Giants three games behind National League-leading Philadelphia Phillies and left San Francisco Manager Al Dark in an awkward position.

Immediately after the game, Dark, who has been under fire, was asked if there would be any fines.

"I never announce fines," he said softly, apparently trying to restrain his anger. "That would have to come from somebody else. You saw the same game I did."

In the fifth, with the Giants trailing 2-0, Haller led off with a single. Two outs later, Harvey Kuenn singled him to second. Hal Lanier then popped a single to right. Haller lumbering to the plate to find catcher Tim McCarver holding Mike Shannon's peg.

The Giants pulled to within one run in the seventh on Jim Ray Hart's homer and mounted another threat in the eighth when Cepeda and Hart singled with two out. Haller then singled to left field and Cepeda came barreling home from second.

This time McCarver was waiting with Lou Brock's peg.

Only one other game was played in either league, the Cincinnati Reds beating the Los Angeles Dodgers 7-2.

The Reds made quick work of it, the first four men hitting safely against Joe Moeller and producing three runs — more than enough to win behind the

Cards Take 2-1 Victory Over Giants

By THE ASSOCIATED PRESS

The Cardinals dropped San Francisco three games off the National League pace set by Philadelphia with a 2-1 victory Monday night in St. Louis.

A rifle throw from Mike Shannon in right field to catcher Tim McCarver nailed Tom Haller of the Giants as he tried to score from second on a pop single in the fifth inning.

In the eighth it was left fielder Lou Brock who threw out Orlando Cepeda at home as he tried to score on another single by Haller.

Bill White singled to drive in the Cards first run in the first inning and extended his hitting streak to 18 games. Dick Groat, McCarver and pitcher Bob Gibson each singled in the second to produce the winning margin.

San Francisco got its only counter in the seventh on Jim Hart's solo home run.

The victory went to Gibson, his 10th against nine losses. However it was Barney Schultz who came on in the seventh with two on and none out to blank the Giants the rest of the way. The loser was Ron Herbel.

Kansas City was idle Monday along with the rest of the American League teams. The A's return to action tonight in a game with Washington in Kansas City. Diego Segui will start for the A's against Claude Osteen of the Senators.

Curt Simmons will be on the mound for the Cards against Bob Hendley of the Giants as St. Louis seeks its third straight victory.

Packers Making Rookie Changes

Indianapolis Race Driver Is Retiring

DETROIT (AP) — Troy Ruttman, youngest driver ever to win the Indianapolis 500-mile classic, said Monday night that he is retiring from racing because "I want to walk out of it alive with my head up."

Ruttman, who won the 500-mile Memorial Day race at Indianapolis in 1952 at the age of 22, said his retirement "was not a hasty decision."

He said he felt racing had been good to him but "every time I sit down in a race car death is sitting right beside me."

Ruttman, 34, of suburban Dearborn, has been a racing driver since he was 13. He has been injured seriously several times and narrowly escaped death in this year's Indianapolis 500 in which one of his closest friends, Detroit Eddie Sachs, was killed.

Ruttman, recalled he was running alongside Sachs when the fatal crash occurred. "That started me thinking," he said. "It takes a lot of courage to race, but it takes more courage to quit," Ruttman added in an interview with Dave Diles, sports director of WXYZ-TV in Detroit.

Ruttman, who owns a motorcycle shop in Dearborn, said he "was turning the sport over to younger men."

The Elks downed the Kiwanis, 8-1, in American League play in the A division Monday night to take the championship in their league. They will play Adco at 6:30 p.m. tonight for the city championship.

In the second game at 8:30 p.m. tonight, Lions majors will meet Rotary majors.

Fulton Sports Play Dreamliners Friday

WICHITA, Kan. (AP) — The defending champion Wichita Dreamliners will meet Fulton, Mo., in one game of a double-header opening the National Baseball Congress non-pro tournament Friday night.

Oscola, Ark., and the Denver, Colo. Mets play the first game in the 30th annual tourney.

The first-place Phillies, who now enjoy the biggest lead of the season, get back in action today at Chicago, sending Ray Culp, 8-7, against the Cubs' Dick Ellsworth, 12-13. The Giants will start Bob Hendley, 9-7, against the Cardinals' Curt Simmons, 12-8, in a nighter.

Elsewhere, it'll be Los Angeles at Cincinnati, Houston at Milwaukee and New York at Pittsburgh.

Western Conference last year after two years as the National Football League champions, were knocked off by the St. Louis Cardinals 20-7 in New Orleans last weekend. It broke a string of 24 straight exhibition victories for the mighty Packers.

Taking part in their first drill with the Packers Monday after playing in the All-Star game were tackle Lloyd Voss of Nebraska, center Ken Bowman of Wisconsin, halfback Duke Carlisle of Texas, quarterback Dennis Clardie of Nebraska and linebacker Tommy Crutcher of Texas Christian.

Trimmed from the team that will play the New York Giants Saturday were center-guard Dave Crossan of Maryland, defensive back Beau Carter of Fresno State, back Gary Kroner of Wisconsin, end Tom O'Grady of Northwestern, defensive back Larry Hunter from Grambling and defensive back Joe Scarpati from North Carolina State.

Chicago Bears Owner-Coach George Halas, meanwhile, is trying to get the look at his second stringers he couldn't afford in the tight 28-17 victory over the All-Stars in Chicago last weekend.

The Bears were so hard-pressed against the college boys they couldn't work in many of the substitutes, and Halas has indicated he'll use them this week against Washington.

The Pittsburgh Steelers trimmed five men from their roster in Kingston, R.I., halfback Martin Agnew of University of the South, tackle T. W. Alley of William and Mary, tackle Charlie Harris of Tennessee A&I, tackle Dick Mills of Pittsburgh and linebacker Bob Rowley of Virginia.

Baltimore asked waivers on journeyman fullback Bob Gaiters, a New Mexico State product who failed to get into a game last year.

At Council Request

Frick To Remain For '65 Season

CHICAGO (AP) — Baseball's major leagues held a joint meeting Tuesday assured that Ford Frick will remain commissioner through the 1965 season and that selection of his successor will proceed in orderly fashion.

Frick, 69, announced last Wednesday he would not seek a new term and would step down from his \$75,000-a-year post when his successor is named.

Following a meeting of the major league Executive Council Frick agreed, however, to stay on the job through the 1965 World Series.

The council decision to ask Frick to remain and his acceptance figures to shut off any unauthorized speculation as to the identity of the next baseball czar.

Top candidates for the job at present are Judge Robert Cannon of Milwaukee, legal counsel of the Players Association; Sen. Kenneth Keating, R-N.Y., former Vice President Richard Nixon, Supreme Court Justice Byron Quizzer White and Joe Cronin, president of the American League.

Neither the American nor National League meetings Monday provided announcements of any magnitude.

Sox Have Law of Averages With Them In Flag Stretch

By DICK COUCH
Associated Press Sports Writer

The Chicago White Sox will have baseball's big yardstick — the law of averages — going for them today when they open Phase II of the American League's three-way pennant stretch at Yankee Stadium.

The White Sox will be looking for their first 1964 victory over New York but their 0-10 nose-dive against the Yankees doesn't show up in the league standings. Chicago, having shrugged off the Yankee hex while building a fat 67-34 bulge against the rest of the league, is in second place, 12 percentage points behind front-running Baltimore and two points up on New York.

The Sox can't ignore the

Yankees for the next four games, beginning with a day-night doubleheader today. But Al Lopez, who pays less heed to the law of averages than to his pitching staff's 2.79 earned run average, believes the defending champions are ready to be taken.

Lopez will send Joe Horlen, 8-7, 2.17 ERA, against the Yankees' Ralph Terry, 5-8, in this afternoon's opener. Juan Pizarro, the league's No. 1 southpaw with a 14-6 mark and 2.14 ERA, opposes New York's Jim Bouton, 12-9, at night.

The Chicago sharpshooters will face a Yankee team beset by injuries to its key men. Whitey Ford and Mickey Mantle. The White Sox are healthy, though their offense is less than robust.

After the White Sox leave town, the Yankees have a three-game series at Baltimore and a four-game visit to Chicago.

The Orioles, meanwhile, have an opportunity to widen their lead in a three-game series against Boston, beginning tonight at Baltimore. Rookie sensation Wally Bunker, 12-3, will pitch for the league leaders against the Red Sox' Bob Feller, 5-4. Detroit, working on a seven-game winning streak, vis-

Coach Thinks the Redskins Will Take On All Comers

CARLISLE, Pa. (AP) — Bill McPeak breaks all the rules for football coaches. He steps right out front and says he thinks his Washington Redskins are going to win.

"If we can keep our quarterback in one piece, we can take it all," said the coach-general manager of the 'Skins at the training base at Dickinson College. "I don't know how good he was until we got him."

McPeak was talking about Sonny Jurgensen, the quarter-

Track Executive Dies At Age 71

NEPTUNE, N.J. (AP) — Edward J. Brennan, who started his race track career as a dollar-a-day handyman and became one of the top track executives in the nation, is dead at 71.

Funeral services and burial are planned Thursday in Baltimore.

Brennan had been general manager of Monmouth Park in Oceanport since it opened 18 years ago.

Brennan helped open new tracks at Rockingham, Suffolk Downs and the New Orleans Fair Grounds, in addition to Monmouth. He also was associated with Delaware Park, Laurel and Havre de Grace.

Follywood Rapped Hard By Hermit

By BOB THOMAS AP Movie-Television Writer

HOLLYWOOD (AP) — This is the Boulevard—

The position of character emmeritus of Hollywood Boulevard unquestionably belongs to Peter the Hermit. For as long as most inhabitants can remember, his spindly legged, pigeon-breasted figure has been a part of the local scene.

White - garbed, waspish, searching consciences like a crochety Gandhi, he makes his periodic appearance to awaken the populace to such dangers as war and girdles.

His tirades against the folly of warfare are eloquent.

For many years Peter was truly a hermit and lived in shacks in the Hollywood hills, sharing the company of goats, sheep and other creatures. Now he inhabits a room north of the Hollywood Freeway on Invar Avenue. The mailbox reveals his full name: Peter Howard.

He was in his room one morning when a visitor paid a call. He wore his usual freshly washed white duck pants, open-neck sweatshirt. He looks doggedly patriarchal with his flowing thatch and profuse beard. He claims to have forgotten his age. "I'm ageless," he explained.

Peter related that he had been born in Limerick, Ireland, had gone to sea as a lad, had studied the faiths of the world and had come to Hollywood because of the great promise it held.

But his encounter with Hollywood appears to have helped encourage his career as a hermit.

"I never call it Hollywood," he snorted. "I call it Follywood. The movies could have become the coming Church, the universal language. But that promise wasn't realized."

"Follywood! It has ruined more homes than siege guns. The movies show nothing but war, crime and sex. Follywood never gave anything to anybody. All the movie makers do is fool the people."

He has a small income, but his needs are small. "I'm a vegetarian; I need very little," he explained. "Thank God I haven't got grabies nor dollare-sis."

Some performers, engrossed in other chores, have been known to forget the lyrics of the song they were supposed to be singing. As a bit of extra insurance, there is usually a fellow standing just outside camera range holding up cards on which the lyrics are in large print.
